

# INFRASTRUCTURE COMMITTEE

**OBJECTIVE :** The Infrastructure Committee aims to ensure the sustainable development, efficient management, and continuous improvement of the organization's physical and technological infrastructure.

## MISSION

The mission of the Infrastructure Committee is :

- To plan, develop, and maintain reliable and sustainable infrastructure that supports the organization's long-term goals.
- To ensure the safety, efficiency, and resilience of our physical and technical systems.
- To fostering innovation, and optimizing resources for the benefit of all stakeholders.

## VISION

Our vision is :

- To create a robust, scalable, and future-ready infrastructure that enables seamless operations.
- To support the evolving needs of our organization.
- To aim to be leaders in building sustainable and cutting-edge infrastructure solutions that enhance productivity, sustainability, and the well-being of all users.
